

## New Partnership with Chapter Zero Brussels

[2030](#) and [Chapter Zero Brussels](#) are happy to announce a new partnership based on common beliefs and a desire to increase collective impact of the two organisations.

### We believe

- businesses play a key role in the transition
- CEOs and Board members need to embark on a continuous learning journey toward greater sustainability
- Climate change is interconnected with various other societal and environmental challenges

### What does this mean for members?

#### Chapter Zero Brussels offers

- a reduced participation rate to the [Director Climate Journey](#) for 2030 members
  - this certificate program (co-organised with Vlerick Business School) covers the risks and opportunities of climate change
  - it is an occasion to understand how the role of the Board of Directors is changing due to climate change and what it means for you
- free 6 months membership to Chapter Zero Brussels to engage with peers and learn more about the topic of climate change

#### 2030 offers

- a reduced membership rate for alumni of the [Director Climate Journey](#)
- a vivid and benevolent network of CEOs and board members acting to put their business at the service of the SDGs
- a continuous journey into the systemic issues of sustainability
